

The accessory gauge housing for classic Mustangs is an elegant and practical solution that enables a clean installation of additional gauges. Designed in a CAD environment and manufactured using 3D printing technology with durable materials, it ensures a perfect fit and long-lasting performance. Its timeless design blends seamlessly with the car's original interior, while the lightweight and simple construction allows for quick and hassle-free installation.

**THE USE OF CARBON MATERIAL PROVIDES  
HIGH STRENGTH WHILE KEEPING THE  
CONSTRUCTION LIGHTWEIGHT.**

**ELEGANT DESIGN (WITH THE OPTION TO  
CHOOSE A DIFFERENT COLOR UPON  
REQUEST)**

**EXTENDED FUNCTIONALITY OF THE CONTROL  
SYSTEM**

**AVAILABLE IN STOCK**

#### PRODUCT DESCRIPTION

The accessory gauge housing we designed is tailored for 52 mm gauges and intended for classic Ford Mustangs. The project was developed in a CAD environment based on laser 3D scans of the vehicle's interior. This ensures a perfect fit to the dashboard while maintaining the car's classic appearance and elegance. Manufactured from premium-grade filament, the housing provides high mechanical strength while keeping the overall weight low. The material is resistant to chemicals and prolonged exposure to temperatures up to 160°C. Additionally, the housing features two extra slots for auxiliary switches, allowing the extension of the vehicle's control system functionality. The housing is designed to fit directly in place of the original radio.

#### KEY PRODUCT FEATURES

- CAD-designed construction
- Developed based on 3D scans
- High-gloss finish

**THE KIT INCLUDES**

- Gauge housing body (1 pc.)
- Mounting kit

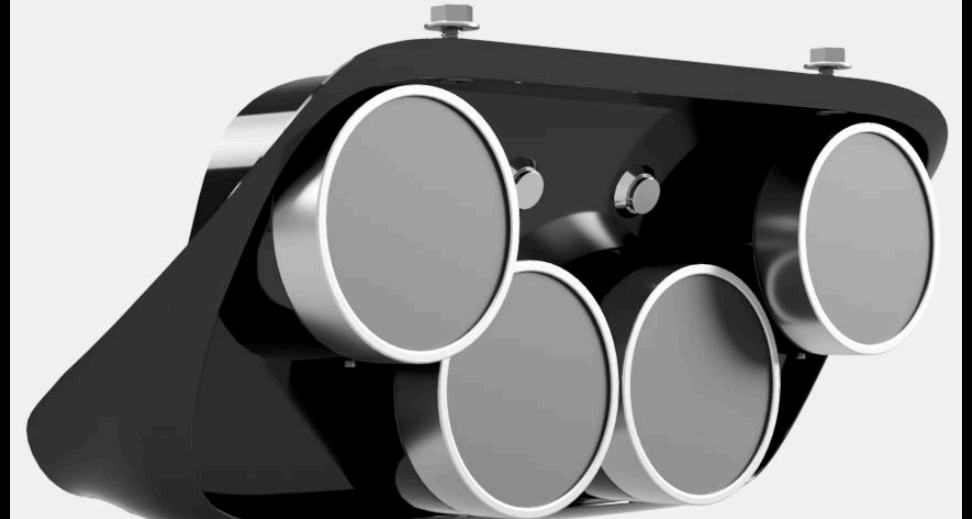

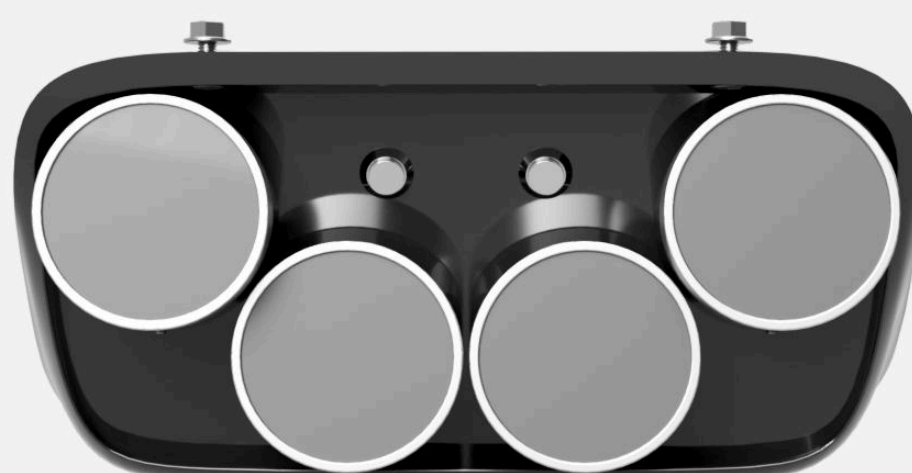

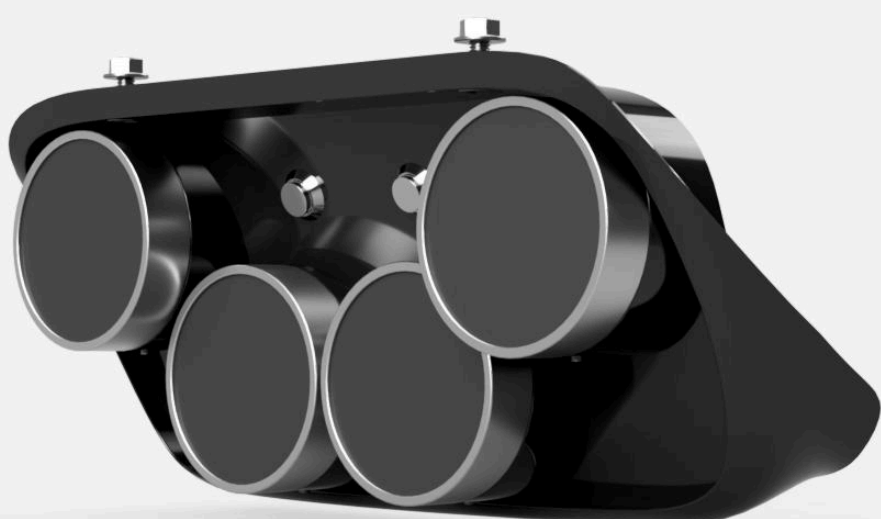

**APPLICATIONS**

This product is compatible with the following Ford Mustang model years:

- Ford Mustang Fastback 1967-1968
- Ford Mustang Coupe 1967-1968
- Ford Mustang Convertible 1967-1968

#### INSTALLATION INSTRUCTIONS

Technical data sheet

#### DIFFICULTY LEVEL

Advanced - installing this product requires extensive specialist knowledge.

#### NOTES

\*Before purchasing, make sure the product is compatible with your vehicle
