CANARDS (FRONT ADD-ONS)
FORD MUSTANG GEN 6

PRODUCT CODE: GTM.701.000.000.000

Restomotive Canards for the Ford Mustang Gen6 are designed to improve the vehicle’s aerodynamics during high-performance driving. Their optimized angle of attack generates additional front-end downforce, increasing grip and stability through high-speed corners. They also complement the front splitter by optimizing airflow around the front bumper and wheel arches.

The lightweight yet rigid construction maintains its aerodynamic efficiency even at high speeds. Resistant to deformation under aerodynamic loads, the canards deliver consistent performance and improved front-end stability during aggressive driving.

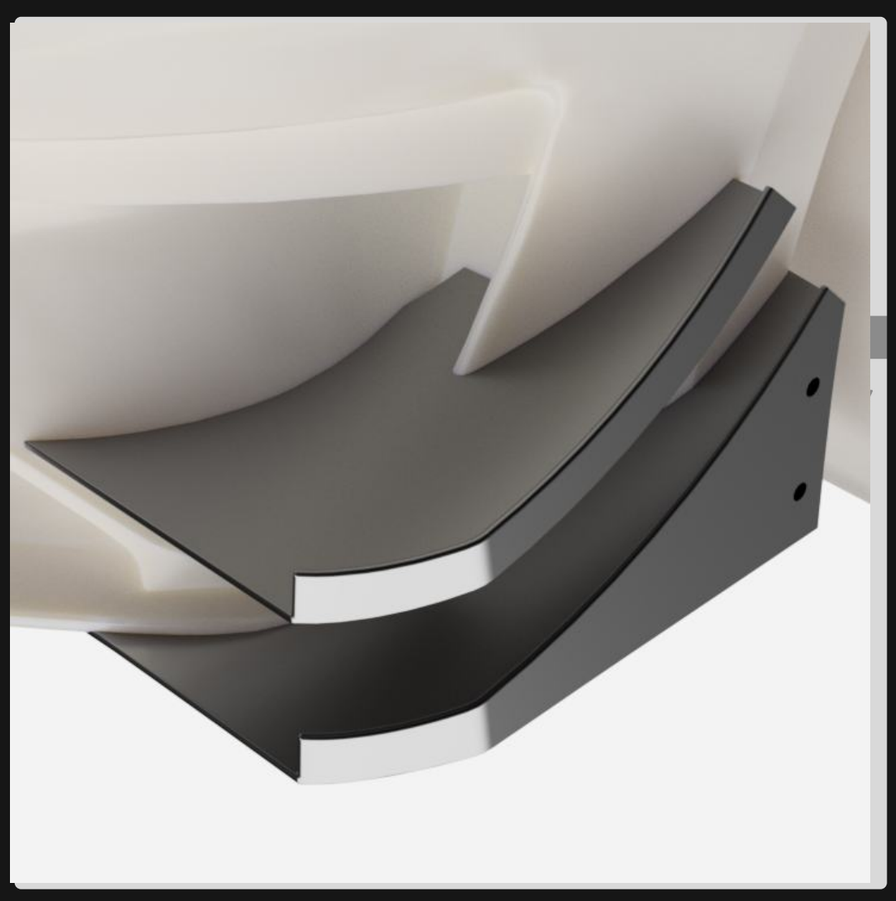

In addition to their aerodynamic benefits, the canards give the Mustang a bold, race-inspired appearance, enhancing its aggressive styling and making it stand out both on the road and at the track.

- INCREASED DOWNFORCE
- RIGID CONSTRUCTION
- IMPROVED AERODYNAMICS
- PRECISION FITMENT

CANARDS (FRONT ADD-ONS)
FORD MUSTANG GT GEN 6

PRODUCT CODE: GTM.701.000.000.000

PRODUCT DESCRIPTION

Restomotive front canards for the Ford Mustang Gen6 improve the vehicle's aerodynamic performance by increasing front-end downforce and enhancing stability during high-speed driving. They help direct airflow around the front bumper, supporting the effectiveness of the splitter and improving cornering behavior.

Manufactured from high-quality materials, the canards maintain their rigidity even at high speeds. Precision fitment to the factory bumper ensures a clean, seamless installation, while the motorsport-inspired design emphasizes the Mustang's aggressive, performance-oriented character.

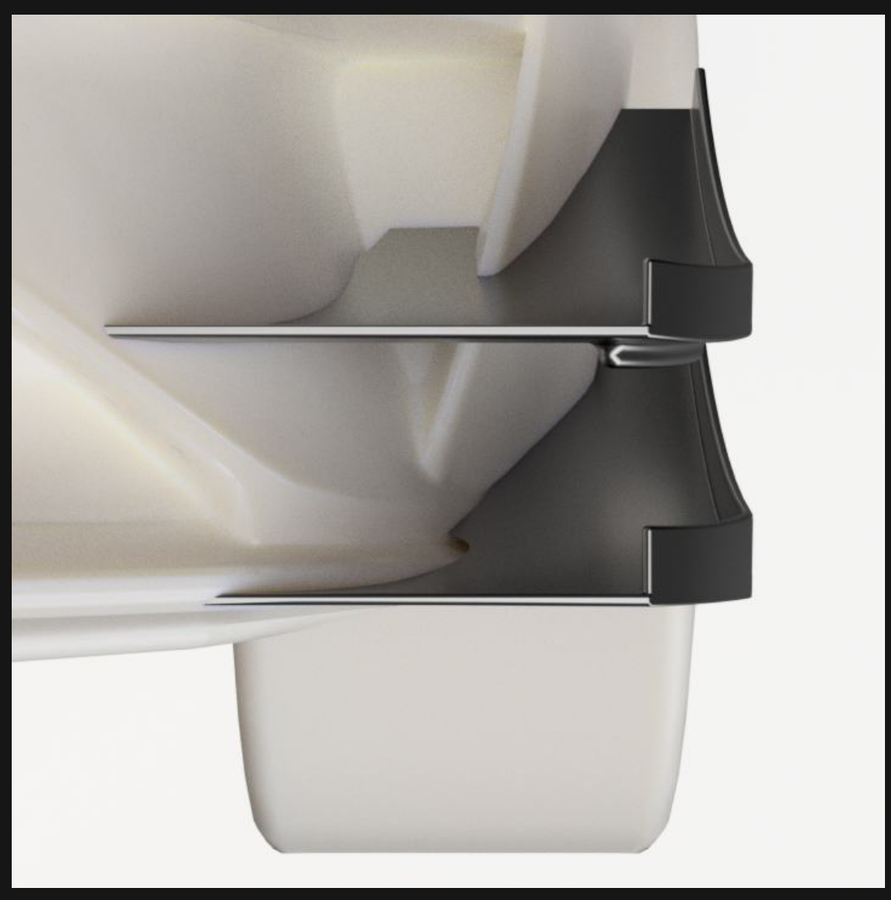

KEY FEATURES OF THE PRODUCT

Increased Downforce - generates additional front-end load, improving grip and stability during high-speed driving.

Improved Aerodynamics - optimizes airflow around the front bumper, supporting splitter performance and reducing air turbulence.

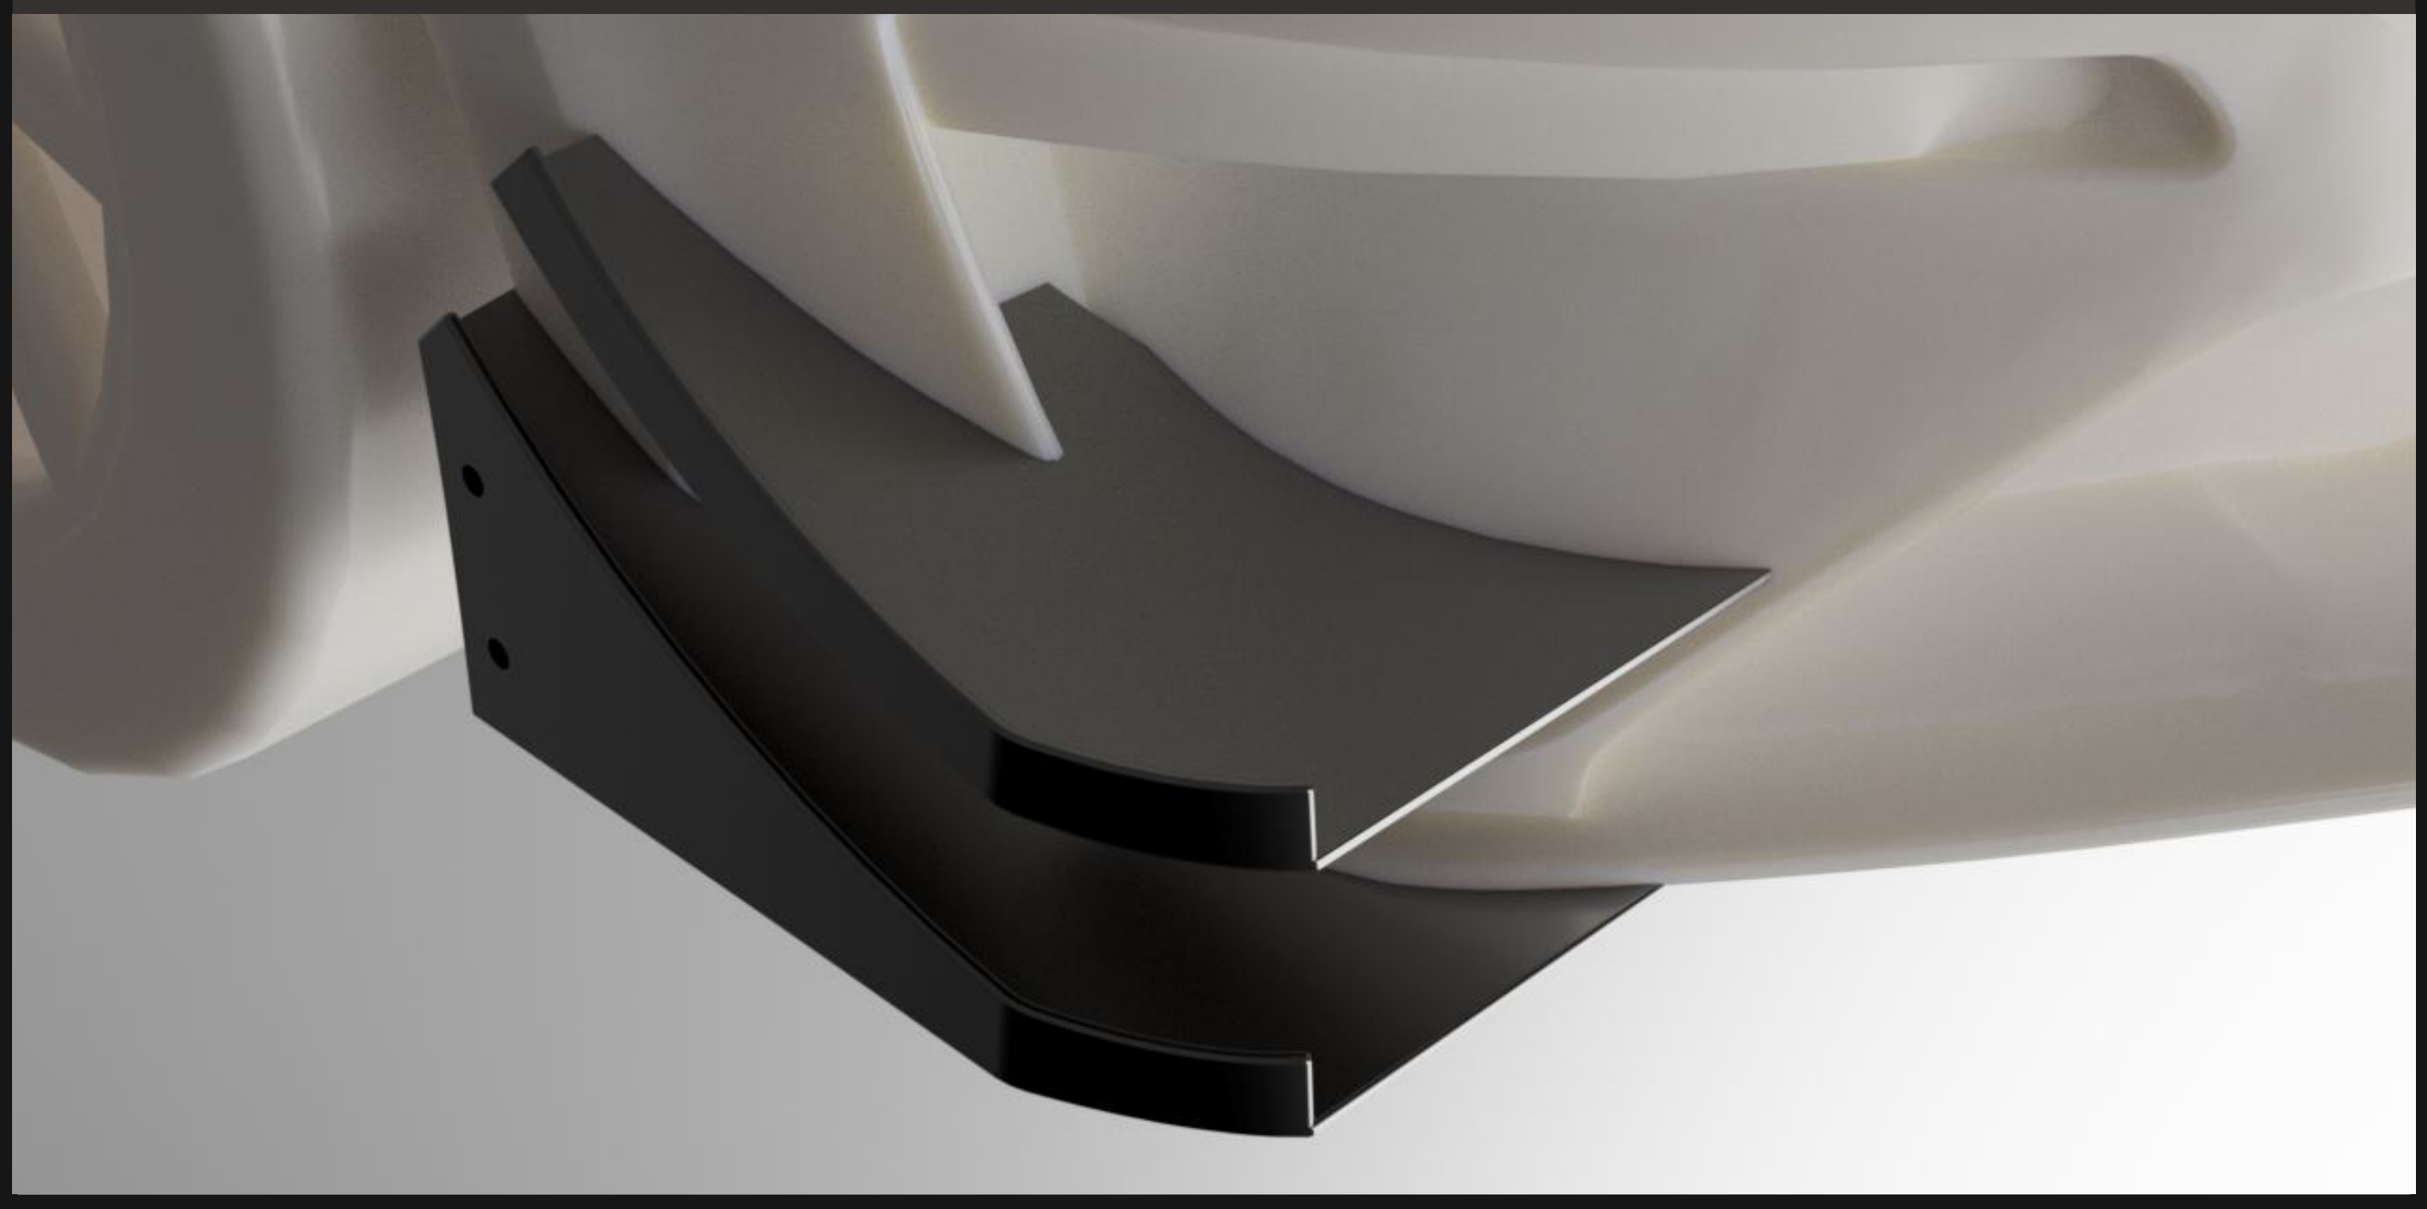

Rigid Construction - maintains aerodynamic efficiency even at high speeds, ensuring consistent and repeatable performance.

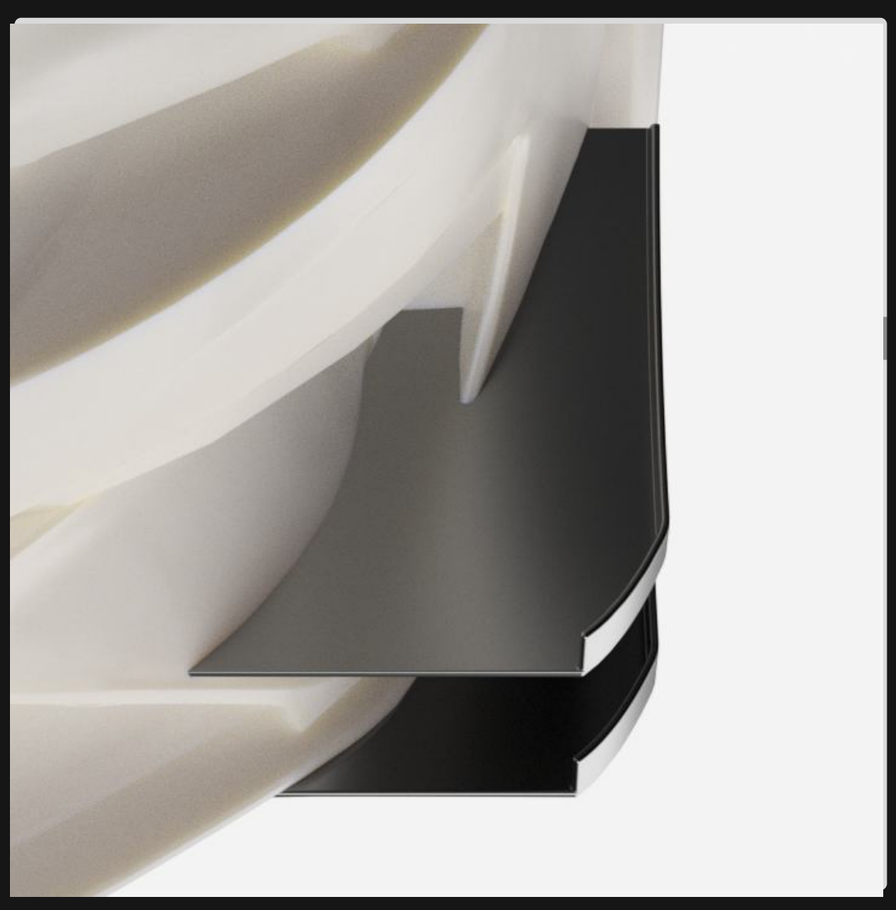

Precision Fitment - designed specifically for the Ford Mustang Gen6, ensuring a clean appearance and straightforward installation.

CANARDS (FRONT ADD-ONS)
FORD MUSTANG GT GEN 6

PRODUCT CODE: GTM.701.000.000.000

THE SET INCLUDES

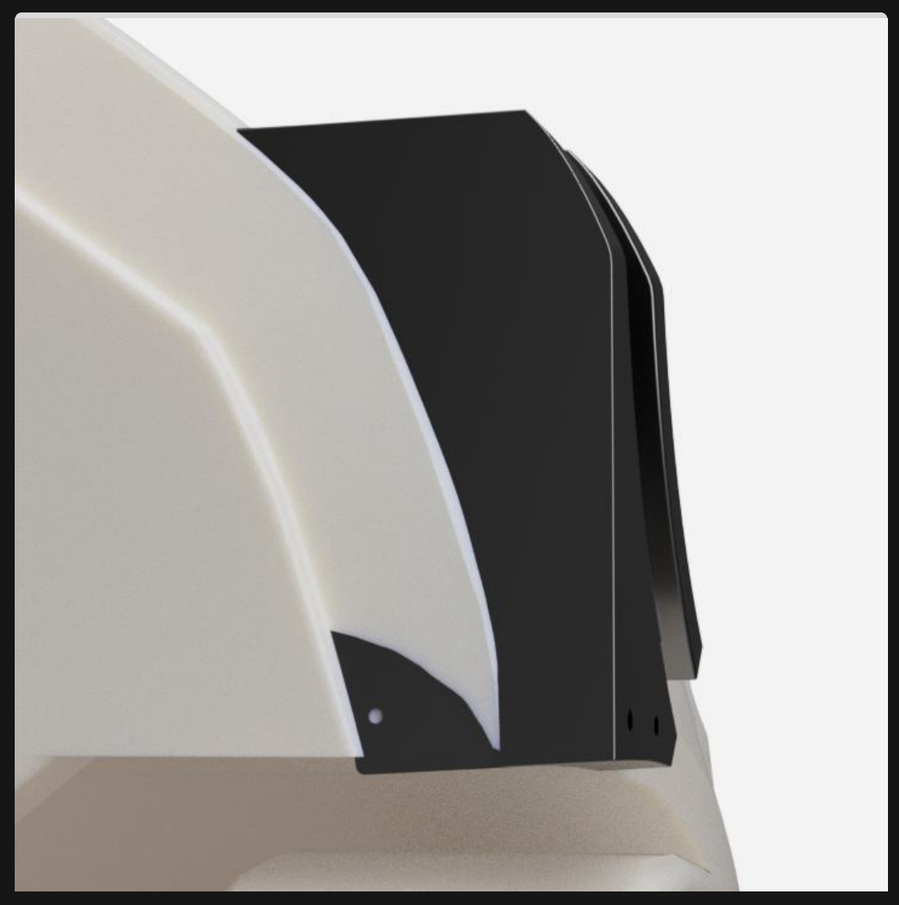

- Canards (4 pcs.)
- Installation Hardware Kit (nuts and bolts)

*Installation requires rivet nuts to be installed in the front bumper.

APPLICATION

- Ford Mustang Convertible Gen VI
- Ford Mustang 2.3 EcoBoost Gen VI
- Ford Mustang 3.7 V6 Gen VI
- Ford Mustang 5.0 V8 Gen VI
- Ford Mustang 5.0 V8 Bullitt Gen VI
- Ford Mustang 5.2 Shelby GT350 Gen VI
- Ford Mustang 5.2 Shelby GT500 Gen VI

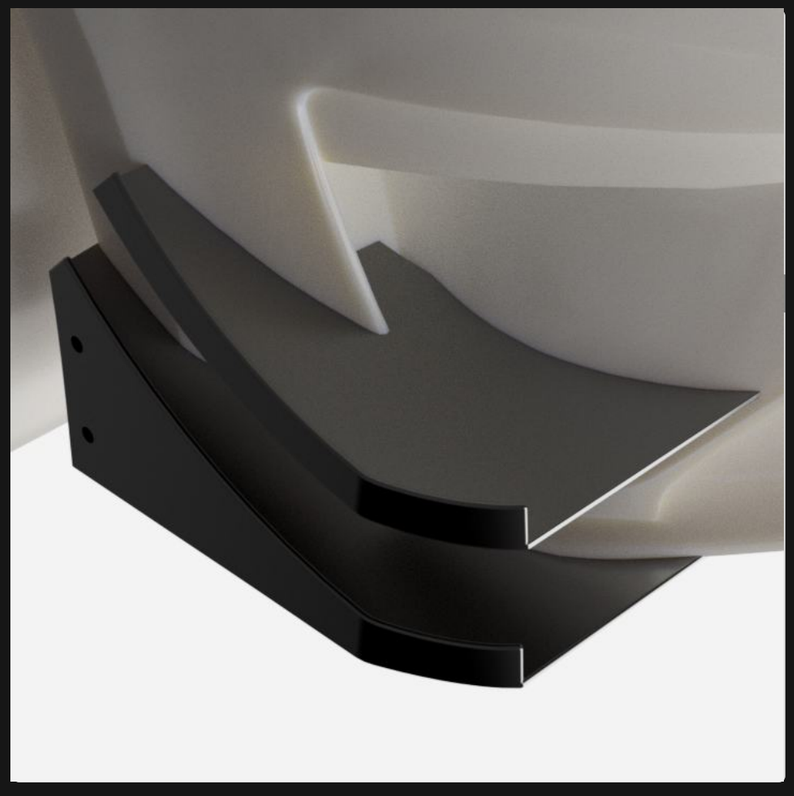

*Alignment is required after installation.
