

The Öhlins Road & Track suspension for the Ford Mustang S550 is designed for drivers who expect precise handling, adjustability, and a high level of ride comfort. The system is based on technologies developed in motorsports and performs well in both everyday driving and more dynamic driving situations.

**DFV TECHNOLOGY****HEIGHT ADJUSTMENT****ADJUSTABLE SHOCK ABSORBERS****FULLY SERVICEABLE DESIGN**

**PRODUCT DESCRIPTION:**

The fully serviceable Öhlins Road & Track suspension system for the Ford Mustang Fastback and Convertible (S550 platform) is a modern suspension system developed based on the brand's many years of experience in motorsports. The design is engineered to provide stability, better control over the vehicle, and greater confidence behind the wheel, without compromising everyday driving comfort. A major advantage of the kit is its lightweight construction, adjustability, and high durability. Switching to Öhlins on our S550 is a total game-changer—the suspension feels noticeably stiffer than stock, yet paradoxically does a much better job of soaking up bumps and potholes. The steering has gained a level of precision that eliminates the typical factory "mushiness," making the car feel incredibly planted and predictable even in tight corners. It is a rare case where a massive reduction in body roll actually goes hand-in-hand with improved daily ride quality.

**KEY PRODUCT FEATURES:**

- DFV (Dual Flow Valve) technology
- adjustable damping
- spring preload adjustment
- capable of lowering the vehicle by up to 25 mm
- 2-year international warranty
- design suitable for heavy-duty use
- suitable for both road and sports driving

**THE SET INCLUDES:**

- rear shock absorbers and springs
- front shock absorbers and springs
- parts required for installation
- components for adjusting suspension settings
- installation and adjustment instructions

**APPLICATION:**

This product is compatible with the following model years of the Ford Mustang GEN 6 S550:

- Convertible (2015-2023)
- Fastback (2015-2023)

**INSTALLATION INSTRUCTIONS:**

Technical data sheet

**DIFFICULTY LEVEL:**

Intermediate. Intended for installation by qualified individuals.

**NOTES:**

\*Before purchasing, please ensure that the product is compatible with your vehicle.
