COMPOSITE QUARTER PANEL ORNAMENT BASES
FORD MUSTANG 1968

PRODUCT CODE: 702.000.000.000

Quarter panel ornament bases give the classic Mustang a distinctive, individual character. They accentuate its muscular silhouette and introduce a contemporary touch to its timeless bodywork. They provide an elegant surround for a detail that complements the car’s side profile. A choice for builds where thoughtful material selection and a cohesive aesthetic matter.

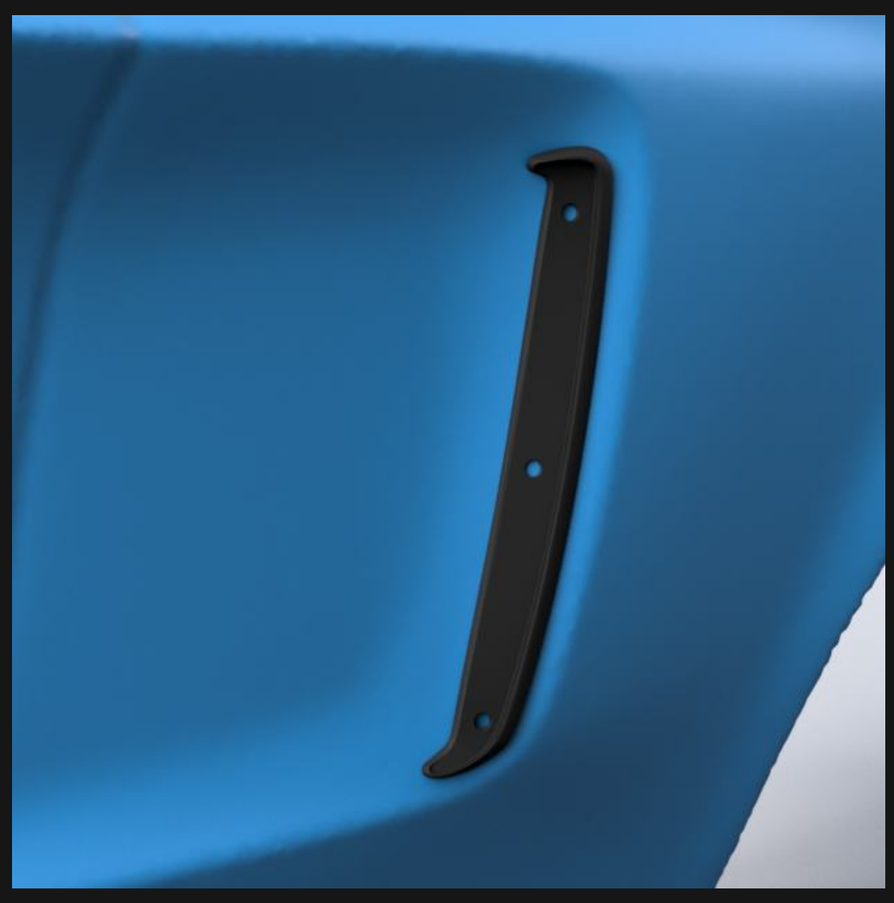

- CARBON FIBRE-REINFORCED COMPOSITE MATERIAL
- DECORATIVE ORNAMENT SURROUND
- DISTINCTIVE BODY PROFILE
- CLASSIC STYLE REIMAGINED

COMPOSITE QUARTER PANEL ORNAMENT BASES

FORD MUSTANG 1968

PRODUCT CODE: 702.000.000.000

PRODUCT DESCRIPTION

The decorative trim housings serve as finishing elements for the side recesses of the Ford Mustang doors. Their form has been developed to preserve the model’s classic styling and is designed for the installation of traditional decorative trim pieces.

The components are made from carbon-fiber-reinforced composite material and are supplied in black as standard. The material can be painted, allowing the housings to be color-matched to the bodywork or finished according to an individual vehicle specification.

The shape of the housings has been tailored to the characteristic contours of the bodywork, helping maintain a cohesive, classic appearance.

Only the bases are included. Chrome-plated quarter panel ornaments are not included in the kit.

KEY FEATURES OF THE PRODUCT

Material: The bases are made from carbon fibre-reinforced composite material.

Ornament surround: Provides a decorative base for a separate trim piece.

Body profile: Accentuates the rear quarter panel contours and complements the Mustang’s side silhouette.

Body fitment: The shape of the housings has been developed to follow the characteristic lines and contours of the Ford Mustang.
