REINFORCED EDELBROCK CARBURETOR GASKET SET

FITS EDELBROCK CARBURETORS WITH THE FOLLOWING MODEL NUMBERS: 1400, 1403, 1404, 1405, 1406, 1407, 1409, 1411

PRODUCT CODE: 609.000.000.000

The Restomotive reinforced gasket set has been developed for servicing classic Edelbrock carburetors. Unlike original gaskets, which may soften and degrade over time when exposed to modern fuels, the materials used in this set provide increased resistance during operation.

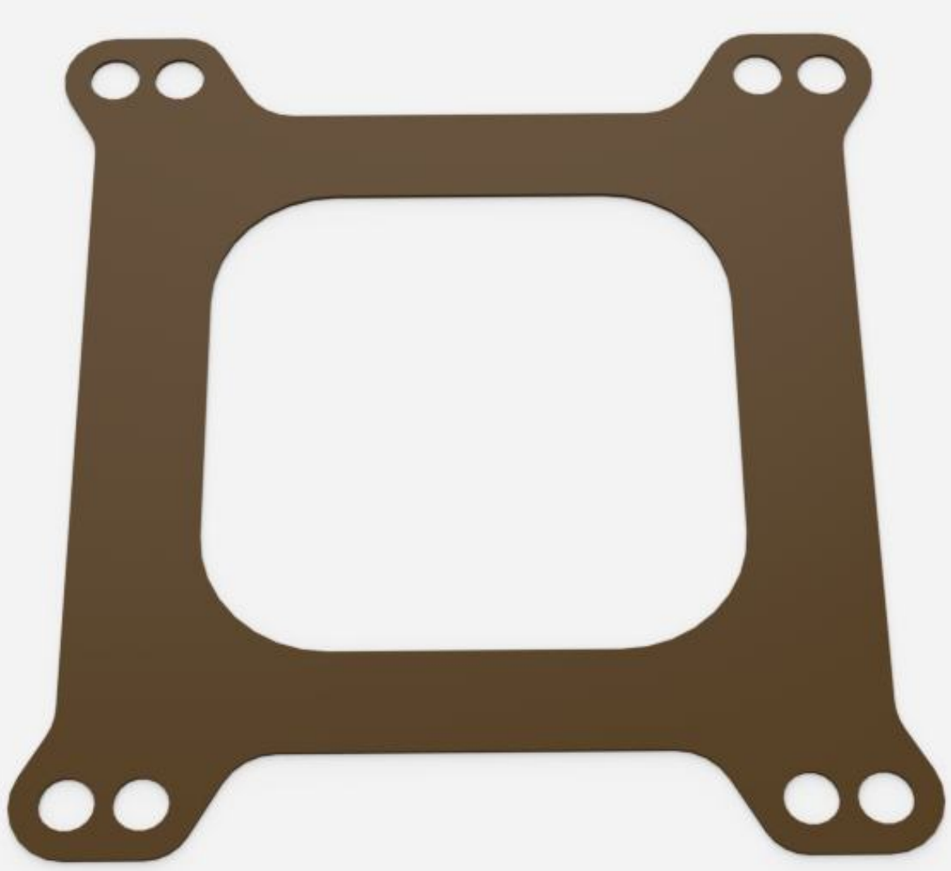

The set uses GAMBIT AF-OIL and AF-200 Universal gasket materials based on aramid fibers and NBR rubber. The complete set includes 9 gaskets.

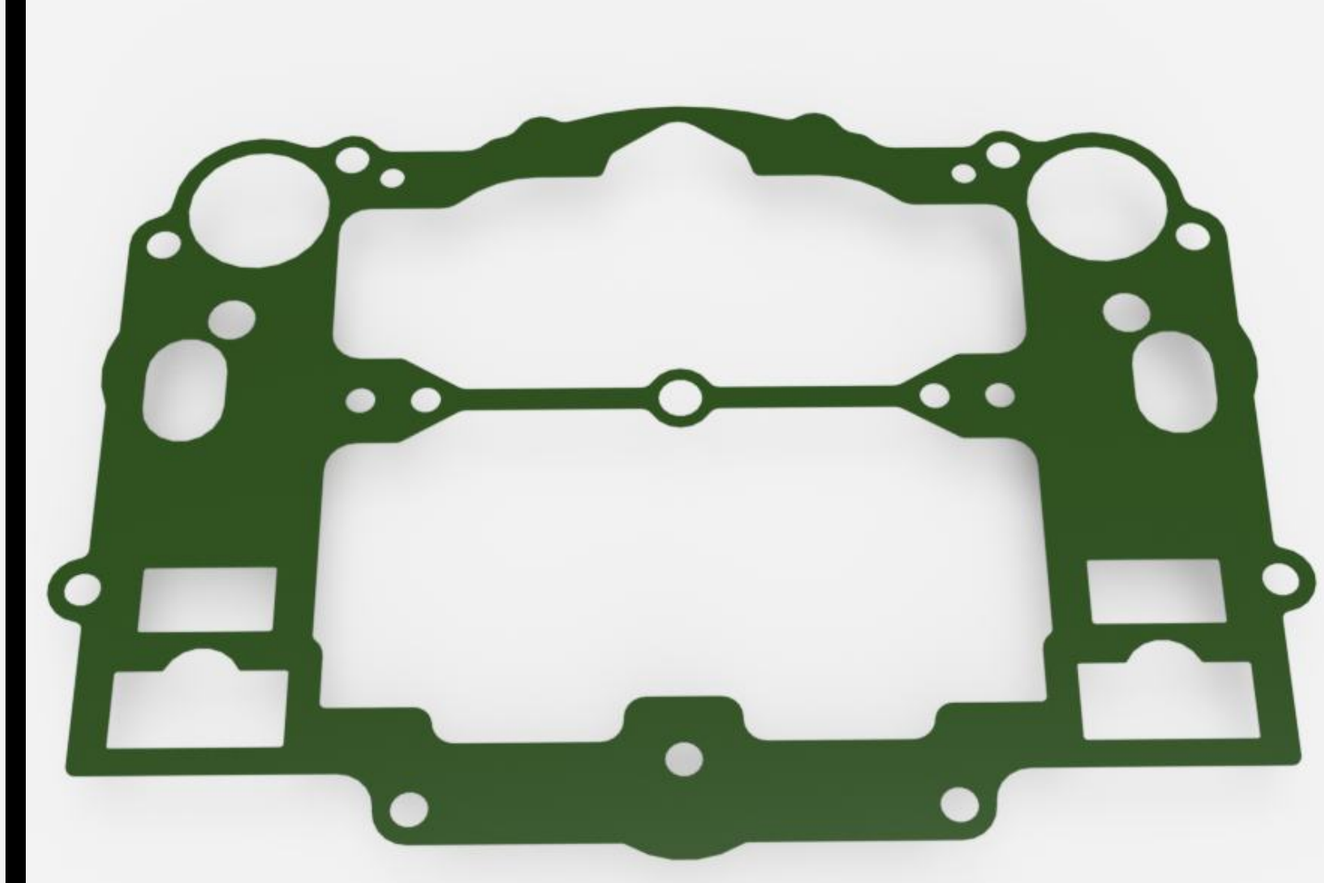

- ARAMID FIBER-BASED MATERIALS
- INCREASED RESISTANCE TO MODERN FUELS
- 9 GASKETS IN ONE SET
- FOR EDELBROCK CARBURETOR SERVICING

REINFORCED EDELBROCK CARBURETOR GASKET SET

FITS EDELBROCK CARBURETORS WITH THE FOLLOWING MODEL NUMBERS: 1400, 1403, 1404, 1405, 1406, 1407, 1409, 1411

PRODUCT CODE: 609.000.000.000

PRODUCT DESCRIPTION:

The Restomotive set includes reinforced gaskets intended for replacement during carburetor servicing. Unlike original gaskets, which may soften, deform or degrade over time when exposed to modern fuels, the materials used have been selected to provide increased resistance during operation.

Seven gaskets are made from GAMBIT AF-OIL material and two from GAMBIT AF-200 Universal. Both materials are composites based on aramid and mineral fibers with an NBR rubber binder. AF-OIL is an oil-resistant material, while AF-200 Universal is a general-purpose gasket material.

Proper gasket selection and correct preparation of the sealing surfaces are essential to ensure reliable sealing after installation.

KEY PRODUCT FEATURES:

- Set of 9 gaskets covering 7 different part types.
- GAMBIT AF-OIL and AF-200 Universal materials.
- Asbestos-free composition based on aramid and mineral fibers.
- NBR rubber binder.
- Designed for gasket replacement during carburetor servicing.
- Reinforced construction for increased resistance to modern fuels.

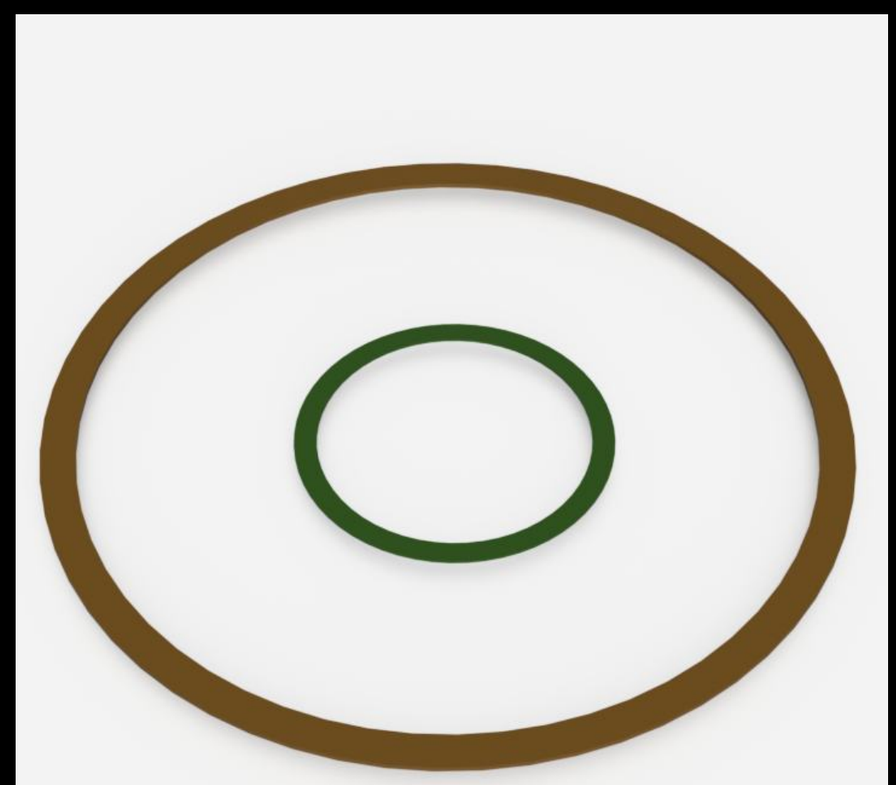

REINFORCED EDELBROCK CARBURETOR GASKET SET

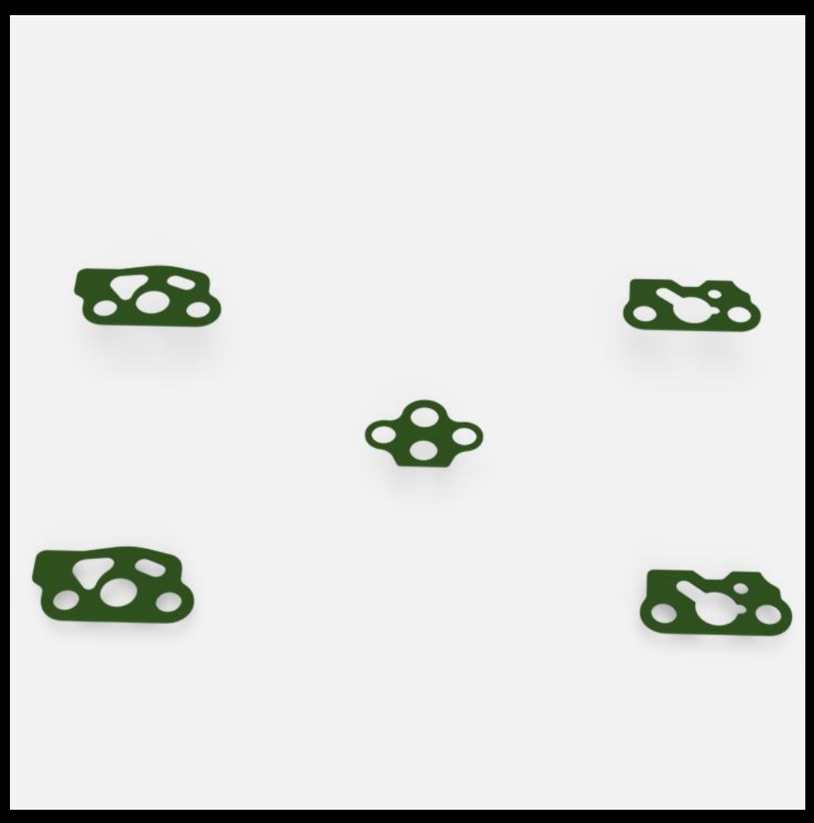

FITS EDELBROCK CARBURETORS WITH THE FOLLOWING MODEL NUMBERS: 1400, 1403, 1404, 1405, 1406, 1407, 1409, 1411

PRODUCT CODE: 609.000.000.000

SET INCLUDES:

- Air horn gasket - 1 pcs
- Carburetor base gasket - 1 pcs
- Air cleaner gasket - 1 pcs
- Choke housing gasket - 1 pcs
- Accelerator pump jet housing gasket - 1 pcs
- Primary venturi cluster gaskets - 2 pcs
- Secondary venturi cluster gaskets - 2 pcs

APPLICATION:

This gasket set fits EDELBROCK carburetors with the following model numbers:

1400, 1403, 1404, 1405, 1406, 1407, 1409, 1411.

Check your carburetor model number before purchasing.

DIFFICULTY LEVEL:

Intermediate. Intended for installation by qualified individuals.

NOTES:

Before purchasing, ensure that the product is compatible with your vehicle.
